O R D E R

In the letter 3rd and 5th read above, the Engineer-in-Chief (Irrigation), Water Resources Department, Vijayawada has recommended the proposal to Government to accord permission to M/s Summit Marine Exports Pvt. Ltd., Kakumanu (V), Kakamanu (M), Guntur District for drawl of 175 KLD or 0.0715 Cusecs per day or 0.0023 TMC per annum of water from Nallamada Vagu near Kakumanu Village, Guntur District for a period of 2 years in view of promoting industrial growth, based on the report of the Chief Engineer, Krishna Delta System, Vijayawada, subject to payment of water charges @ Rs 5.50/- per 1000 Gallons as per the instructions issued in the Government Memo 2nd read above, subject to the following terms & conditions:

1. The Water drawn from the source should be utilized for the purpose for which permission is granted.
2. The consumptive utilization calculated per day fixed by the Department should not exceed under any circumstances.
3. The firm can draw water only as and when there is sufficient flows available in drain.
4. The cost of construction of pipeline and other infrastructure should be borne by the firm duly acquiring the necessary land etc., at their own cost.
5. The water rates payable shall be as levied by the government as per the norm of industrial usage supply from time to time.

6. A detailed plan showing the location of intake arrangements, pump house, alignment of pipeline and conveyance system should be furnished to the department for approval.
7. Pump house should be constructed away from the drain bund.
8. Off take sluice should be constructed as per the norms of Water Resources Department and banks should be protected with wing walls and banks should be constructed with proper consolidation under the supervision of the department officers.
9. The sill level of intake pipeline should be fixed above ½ FSL of the drain.
10. Water measuring devices should be placed at the off take point and proper locking measurements and shuttering arrangements must be made with their own cost under the supervision of the Water Resources Department..
11. Digital water meters and measuring devices should be installed at the suitable location by the industry at their own cost to measure the water consumed and should be made available to the Water Resources and Revenue department authorities at all times for inspection.
12. The operation of off take sluice shall be under the control of Water Resources Department only.
13. Water supply will be stopped when there is lean flows in the drain.
14. The water charges are to be paid in advance for the year on demand as per the rate fixed by the government.
15. The firm should give an undertaking that they will not raise any legal complications for not supplying of water during the drought period, short rain falls and any type of unforeseen problems.
16. The firm should make its own arrangements for sufficient storage of water during non-supply period.
17. The Water Resources Department is no way responsible for non-supply of water due to any reasons.
18. The Department is no way responsible for any damages that may occur to the off take house during floods.
19. The Department is not responsible for any dispute that arises with neighbouring industries and public and any legal matters.
20. The firm should not create any objection for improvement/ modernization works to the said reservoir in future and they have to relocate the pump if necessary, with their own cost.
21. The Water Resources Department reserves the right for cancellation of the permission without assigning any reasons thereof.
22. The designs are to be approved by the Chief Engineer, CDO, WRD.
23. The rates would be as per industrial usage and as per charges from time to time.
24. The Industry shall abide by any other conditions laid down by the Government Department from time to time.

2. Government after careful examination of the matter, hereby accord permission to M/s Summit Marine Exports Pvt. Ltd., Kakumanu (V), Kakumanu (M), Guntur District, for drawl of 175 KLD or 0.0715 Cusecs per day or 0.0023 TMC per annum of water from Nallamada Vagu near

Kakumanu Village, Guntur District for a period of 2 years, in view of promoting industrial growth, subject to the payment of water royalty charges @ Rs. 5.50/- per 1000 gallons as per the instructions issued in the Government Memo 2nd read above and at the rates revised by the Government from time to time, subject to the terms & conditions mentioned at above para.

3. The Engineer-in-Chief (Irrigation), Water Resources Department, Vijayawada/ Chief Engineer, Krishna Delta System, Vijayawada and the Collector & District Magistrate, Guntur District shall take necessary action accordingly.
